Education

Data Analysis

Tops Technologies

📅 February 2023 - current

📍 Surat, Gujarat

Bachelor of Engineering

Computer Science

Gujarat technological University

📅 August 2020 - Current

📍 Surat, Gujarat

HSC

Sarswati Science Institute

Gujarat board

📅 2018 - 2020

📍 Surat, Gujarat

SSC

Devangi Kanya Vidhyalaya

Gujarat board

📅 2017 - 2018

📍 Surat, Gujarat

Technical Skill

- Python
- SQL
- Microsoft Excel
- Power Bi
- Tableau
- Statistics
- NumPy
- Pandas
- Matplotlib
- Seaborn

Soft Skill

- Problem-solving
- Time management
- Decision-making
- Leadership
- self - motivation
- self - confidence
- positive attitude

OBJECTIVE

Highly motivated and analytical data science enthusiast seeking an opportunity to contribute to Google's data science team and advance my career in higher companies. Leveraging my skills in extracting valuable insights from complex datasets and driving data-driven decision-making, I am dedicated to achieving the company's goals and making a meaningful impact with my passion, adaptability, and strong work ethic, I am confident in my ability to contribute and grow within the team.

PROJECTS

Sales Dashboard

- Developed a multifaceted **Amazon sales dashboard** in Power BI, incorporating various visualizations and geographic maps for comprehensive analysis of Amazon sales data.
- This enabled data-driven decision-making and contributed to a significant revenue increase.

Cricket Dashboard

- Created an interactive Power BI dashboard that tracks **Virat Kohli's performance in T20 and ODI matches**.
- Utilizing diverse visualizations and analytics, this dashboard provides valuable insights into his batting, runs, strike rates, and milestones, facilitating informed analysis of his cricketing journey.

Life Expectancy Trends

- "I'm a Data Analyst who loves turning numbers into clear stories. I create user-friendly charts and graphs to help people make smart decisions.
- One of my favorite projects is a dashboard that shows **how long people live around the world**. I enjoy finding patterns in data and making it useful for making good choices.
- Let's work on the next exciting data project.

WORK EXPERIENCE

Data Analyst & ML Internship(Online)

InfoLabz IT Services Pvt. Ltd.

📅 July 2023 - August 2023

📍 Ahmedabad, Gujarat

- "During my stimulating internship, I contributed to data analysis and machine learning projects. I collected and cleaned large datasets, which improved **data quality by 30%**. My exploratory data analysis (EDA) efforts led to the identification of key insights that informed strategic decisions. I collaborated on projects, **implementing machine learning algorithms** that resulted in a **15% improvement in predictive accuracy**. These contributions enhanced our team's data-driven decision-making capabilities, impacting the **overall project success rate by 20%.**"
